EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- **Cancel claims 14-17** (non elected invention in election filed on 9/14/06)

Allowable Subject Matter

2. Claims 1-13 and 18-20 are allowed.
3. The following is an examiner's statement of reasons for allowance:
 - a. Regarding independent claim 1: The references of the Prior Art of Record fail to teach or suggest either alone or in obvious combination the limitations as set forth, and specifically comprising the limitation of a piezoelectric component comprising:
piezoelectric layers; electrode layers between at least some of the piezoelectric layers; wherein the electrode layers define a middle segment in an interior of the piezoelectric layers and end segments between ends of at least some of the electrode layers and an end of at least one of the piezoelectric layers; *wherein the piezoelectric layers comprise a first piezoelectric material at the end segments and a second piezoelectric material at the middle segment between electrode layers, wherein the first piezoelectric material has a first expansion that is less than a second expansion of the second piezoelectric material.*
 - b. Regarding independent claim 18, the references of the Prior Art of Record fail to teach or suggest either alone or in obvious combination the limitations as set forth, and

specifically comprising the limitation of a stack comprising layers of a first piezoelectric material; electrode layers arranged between layers of the first piezoelectric material, the electrode layers extending from an exterior of the stack to an interior of the stack, the electrode layers having a length that is less than a length of the stack such that there is first piezoelectric material between an exterior of the stack and end segments of at least some of the electrode layers at an interior of the stack; and *a second piezoelectric material that substantially covering at least some of the electrode layers, the second piezoelectric material having an expansion that is less than an expansion of the first piezoelectric material.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
